GENERAL INFORMATION

BUSINESS TRANSACTIONS WITH THE COMPANY

Other matters, including business transactions, should be taken up with the business office either by telephone, personal visit or letter.

BUSINESS OFFICE
225 East Main Street, Brevard,
North Carolina, Telephone 884-9011

SERVICE APPLICATIONS, CHANGES AND DISCONTINUANCES

Applications for new service, changes, additions and discontinuances of service should be handled through our business office. A telephone call will, in almost every case, enable you to transact business promptly and satisfactorily.

BILLS AND PAYMENTS

Bills are rendered on the 1st of each month for local service in advance, for a one-month period from date of bill, and for long distance service for a one-month period through the 19th of the month preceding the month the bill is rendered for local service. Bills may be paid by mail or in person at our business office, 225 East Main Street, Brevard, North Carolina, or at First Union National Bank, Rosman, North Carolina.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities are on file with the North Carolina Utilities Commission, and are available for public inspection at our business office.

TELEPHONE NUMBERS

The subscriber has no property right in the telephone number, and the Company reserves the right to change the call number or the central office designation associated with such number whenever it is deemed desirable in the conduct of its business.

MAINTENANCE

All ordinary expense of maintenance and repair, unless otherwise specified in the Company's schedules, is to be borne by the Company. If any instrument or piece of apparatus is destroyed or injured, otherwise than by unavoidable accident, the subscriber is to pay the actual cost of replacing or restoring the same to its original condition.

CUSTOMER TELEPHONE SERVICE CENTER

Repair problems involving telephone sets leased from Citizens Telephone Company can easily be taken care of at our new carry-in Service Center. Just call our repair service, explain the problem you are having, and we will tell you if the Service Center can take care of it. If it can, simply drop your telephone by and we will replace it with a black rotary or tone dial set. If you prefer another color or style, you may turn the black set in and get $5.00 off the purchase price of a new telephone (sold at Citizens Communications Showroom) or a refurbished or used telephone (sold at the Repair Center). Certain problems, such as those in your telephone line, etc. will still require a visit by our repairman, but your waiting time should now be reduced. Hours: 9:00 am until 5:00 pm Monday through Friday. If you question whether the trouble is in your telephone set or in the line, a simple test is to unplug all the telephones and try each one in different jacks in your house, or you may plug these into a jack in a neighbor's house. Although we do not repair any customer-owned telephones, we will test them for you at no charge at our Service Center on Railroad Avenue.

INTERRUPTION OF SERVICE

When the use of service or facilities furnished by the Company is interrupted due to any cause other than the negligence or willful act of the subscriber or the failure of the facilities provided by the subscriber, a pro rata adjustment of the fixed monthly charges involved will be allowed, upon request of the subscriber, for the service and facilities rendered useless and inoperative by reason of the interruption during the time said interruption continues in excess of twenty-four hours from the time it is reported to or detected by the Company, except as otherwise specified in this tariff. For the purpose of administering this regulation, every month is considered to have thirty days.

RESPONSIBILITIES FOR MESSAGES

Subscribers are responsible for all charges for messages originating from or reversed to their telephones.

4 Connect the wires inside the modular jack cover.

5

area codes speed your long distance calls

The U. S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 704 (see map). The area code of the telephone you are calling should be dialed or given to the operator if it is different from the area code of the telephone you are using. It should not be used if it is the same. (When placing call with operator, say, for example, "I want area code 311-555-2368.") When you give someone your telephone number, include your area code if he needs it to return your call. A list of selected area codes is on pages 5-9. Area codes for other places may be obtained from the OPERATOR.

A vital factor in the highly specialized work of providing dependable, low cost telephone service is that telephone supervisors—foremen, wire chiefs, chief operators, managers—start at the bottom. Every part of your service is managed by men and women, whose judgment and decisions are based on experience with the job.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

EASY TO FIND

Customers don't need telescopes. Your advertising in the Yellow Pages of this directory enables buyers to find you in a hurry. That's where they look when they need repair work or merchandise. Then they telephone their orders. It pays to advertise in the Yellow Pages.

For the new home you're planning, be sure to include concealed telephone wiring and convenient telephone outlets.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

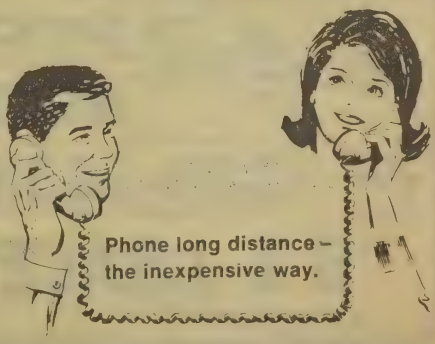
thinking about someone very special...on a special occasion?
Call long distance. Let the telephone carry your message of congratulations on Anniversaries or Birthdays. For that matter, it doesn't really need to be an occasion. It's just fun talking to those we miss or don't see as often as we like.



Phone long distance – the inexpensive way.
